**Altus Strategies Plc  
("Altus" or the "Company")**

**Extension to Joint Venture with Resolute in Southern Mali**

Altus Strategies Plc (AIM: ALS & TSX-V: ALTS), the Africa focused project and royalty generator, announces that on 07 May 2019 it signed a Variation and Accession Deed (the "Deed") with Resolute Mining Ltd ("Resolute") in respect of the joint venture ("JV") on the Company's 106km<sup>2</sup> Pitiangoma Est project ("Project") in southern Mali. The Project is located approximately 15km south of the Tabakoroni mine and 40km south of the Syama gold mine, both owned and operated by Resolute.

**Highlights:**

- Joint Venture with Resolute in southern Mali extended by two years to May 2021
- Resolute to earn an initial 70% interest by funding US\$3M in exploration and by completing a feasibility study
- Altus retains option to co-fund its 30% interest on a pro rata basis or exchange its interest for a 2% Net Smelter Return royalty
- Drilling by Resolute is currently underway at the Pitiangoma Est project

**Steven Poulton, Chief Executive of Altus, commented:**

*"We are pleased to sign this two year extension with Resolute on the Pitiangoma Est project in Southern Mali. The Project is located on a key geological belt that also hosts the Syama and Tabakoroni gold mines. Resolute are currently undertaking drilling in parallel with other work programmes and we look forward to updating shareholders on the exploration results in due course."*

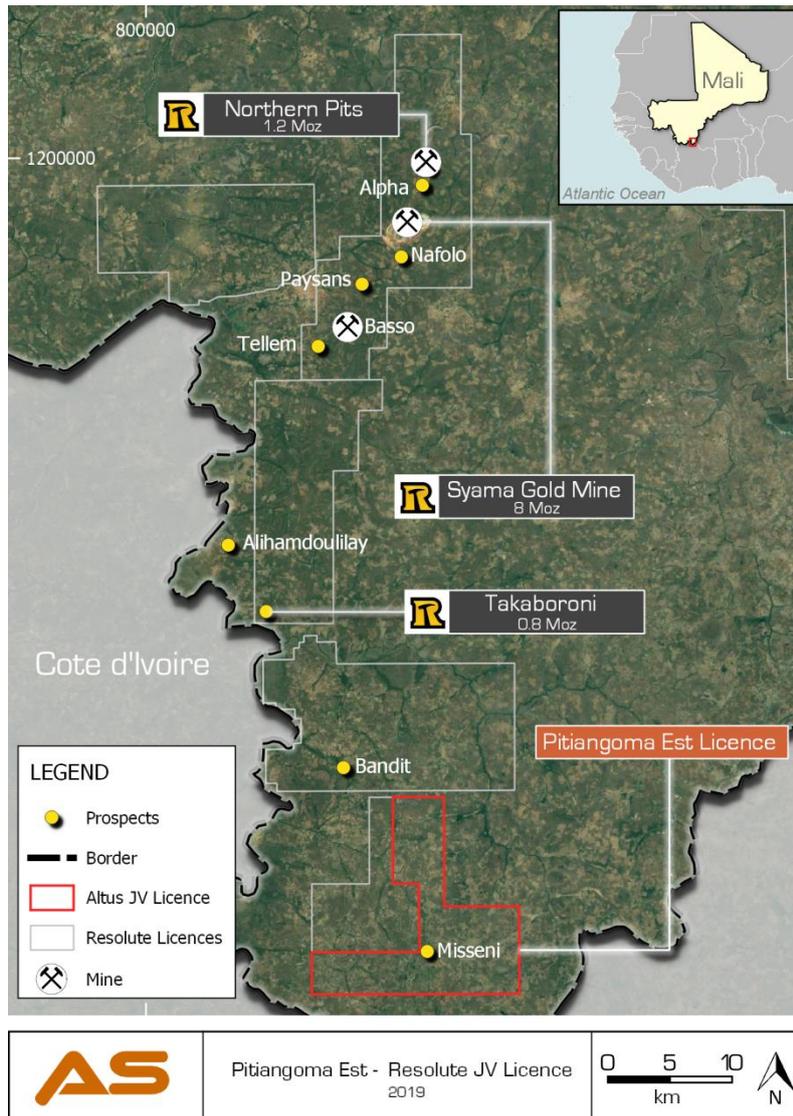

**About the Pitiangoma Est Project**

Prior to the JV with Resolute, exploration at Pitiangoma Est included regolith sampling (6,930 soil and 1,230 auger samples), lithological mapping, airborne VTEM geophysics, BLEG stream sediment sampling and RC drilling (2,160m) as well as diamond drilling (6,450m). These work programmes were completed by Endeavour Mining Corporation who held the Project prior to it being acquired by Legend Gold Corporation ("Legend"). Since the commencement of the JV, Resolute has completed a gradient array IP survey, 329 air core drill holes for a total of 14,193m and 7 RC drill holes for a total of 708m. Drilling is currently underway following up anomalies generated by the air core drilling.

**About Altus Strategies Plc**

Altus is a London (AIM: ALS) and Toronto (TSX-V: ALTS) listed royalty and project generator in the mining sector with a focus on Africa. Our team creates value by making mineral discoveries across multiple licences. We enter joint ventures with respected groups and our partners earn interest in these discoveries by advancing them toward production. Project milestone payments we receive are reinvested to extend our portfolio, accelerating our growth. The portfolio model reduces risk as our interests are diversified by commodity and by country. The royalties generated from our portfolio of projects are designed to yield sustainable long-term income. We engage constructively with all our stakeholders, working diligently to minimise our environmental impact and to promote positive economic and social outcomes in the communities where we operate.

**About the JV**

The JV was originally between Resolute and Legend with Altus superseding Legend upon completion of the Company's Plan of Arrangement ("PoA") with Legend that occurred in January 2018. Legend and Resolute entered the JV on 6<sup>th</sup> May 2015 which provides Resolute with the option to earn a 70% interest in the Project by funding US\$3M in exploration and by completing a feasibility study within four years. After the first stage, Altus has the option to co-fund its 30% interest on a *pro rata* basis, or exchange its interest for a 2% Net Smelter Return royalty. The Deed provides for a variation of the terms of the JV, such that the first stage period will be extended by two years to end on 6<sup>th</sup> May 2021, as well as certain administrative elements required after the completion of the PoA.

**Cautionary Note Regarding Forward-Looking Statements**

*Certain statements in this news release contain forward-looking information. These statements address future events and conditions and, as such, involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the statements. Such factors include without limitation the completion of planned expenditures, the ability to complete exploration programmes on schedule and the success of exploration programmes. Readers are cautioned not to place undue reliance on the forward-looking information, which speak only as of the date of this news release.*
